### Winter Driving Conditions & Suggested Tips

Winter has arrived. Please slow down and be mindful of steep grades and winter driving conditions. **Expecting a large delivery, moving truck, etc?** Try to plan to meet the company at lower locations in the subdivision in efforts to keep them from getting stuck. Meeting at the Metro Parking Lot is acceptable with notice! Don't hesitate to contact us as we can try to assist with additional sanding so large vehicles arrive safely if other arrangements can't be made. We are not a tow service and can't help after the fact!

### Water Main Breaks

#### TEMPS HAVE DROPPED. SUSPECT A WATER MAIN BREAK?

Residents play a crucial role in reporting breaks. If you see bubbling water accumulating in the street or the parkway, the first thing you should do is call the Metro District at 970-349-5480. After normal business hours, weekends or holidays, please call police dispatch line at 970-641-8200 or the emergency contacts listed on our website at [cbsouthmetro.net](https://cbsouthmetro.net). Once the department has been notified, a crew is dispatched to investigate and assess the problem.
